

Sage MAS 90 and 200 Integrated Solutions Compatibility Matrix Revised as of December 28, 2009

The Integrated Solutions Compatibility Matrix is intended to cover all information as of December 28, 2009, regarding all Sage MAS 90 and 200 Integrated Solutions compatibility with Sage MAS 90 and 200 ERP. Any version not listed should be assumed to be *incompatible*. If your configuration is not listed, Sage Customer Support cannot provide support for you. All hardware and system requirements must meet or exceed the minimum requirements for Sage MAS 90 or 200 as indicated in the applicable Supported Platform Matrix. Only additional requirements are listed in this matrix.

Note: It is critical that before and during an installation, this document be thoroughly reviewed, along with the *Sage MAS 90 or 200 Installation and System Administrator's Guide* and other documents found by clicking the Installation Information link of the main Sage MAS 90 and 200 Support Web page. This Web page can be found on the Sage Online Web site at: www.sagesoftwareonline.com

As of the release of Sage MAS 90 and 200 version 4.10, we officially retired support for Sage MAS 90 and 200 Level 3.70 and lower. Alternative support options may be available through your Sage business partner. Program fixes will continue to be made available only on the current version of the software. For information about support policies, refer to the Sage Online Web site at: <http://support.sagesoftwareonline.com>

Throughout this document, other companies' Web sites are referenced whose content can change at any time. Sage has no control over, and cannot be responsible for the content of other companies' Web sites.

Note:

- Please check for and apply any available Sage Service Pack and Service Updates. For more information, consult your Sage business partner.
- Integrated product version compatibility indicated in this document does not necessarily imply that the integrated product vendor supports noncurrent versions. Refer to the integrated product vendor's Web site for specific information on supported versions.
- Regarding integrated product 64-bit operating system compatibility, consult the integrated product vendor's website for the most current information.

FAS 100 Asset Accounting					
Product Version	Sage MAS 90 Versions Supported	Sage MAS 200 Versions Supported	Sage MAS 200 - SQL Server Edition Versions Supported	Hardware and System Requirements	Remarks
2009.1.1	3.71-4.30	3.71-4.30	3.72-3.74	Remote Access: Cannot be used across subnets without Terminal Server and/or Citrix	<ul style="list-style-type: none"> ▪ Due to frequent law changes, the most current version of FAS 100 Asset Accounting should be used. ▪ The standard (non-SQL) version of FAS is compatible with Sage MAS 200 - SQL Server Edition using the FAS Link located on the Sage MAS 200 - SQL Server Edition CD-ROM. It is recommended that you install FAS and Sage MAS 200 - SQL Server Edition on separate servers. FAS Link is only compatible with FAS for Windows. If FAS SQL is installed, use the FAS Universal General Ledger Link to create the depreciation file and then import the file into General Ledger with Visual Integrator. The FAS Universal General Ledger Link is preinstalled when FAS for SQL is installed. The serial number to activate this link is e-mailed to the customer at the time the order is placed. If you own FAS for SQL and did not receive the serial number, call FAS Sales at 800-368-2405. Note: Visual Integrator is a Sage MAS 90 module that imports data into Sage MAS 90 or 200 from external data files. Sage Customer Support is not responsible for assisting with creating or troubleshooting imports. Contact your Sage business partner for assistance. ▪ FAS 100 Asset Accounting - Select Edition has been retired and is no longer compatible with Sage MAS 90 and 200 versions 4.20 and higher. ▪ To ensure compatibility with Sage MAS 90 and 200, you must install one of the following version specific Tips : FL3002-T, FL4001-T, FL4002-T, or FL4003-T, which are available on Sage Online: (http://www.sagesoftwareonline.com)
